# Other accessories

## □ Spacers for expansion gap

- Very useful accessories! The spacers guarantee a correct installation: they ensure there is the correct gap between the wall and the flooring
  - This gap is called the 'expansion gap' and is needed to make sure the floor will have enough space to move when it expands (with heat & humidity)

## □ Bio clean

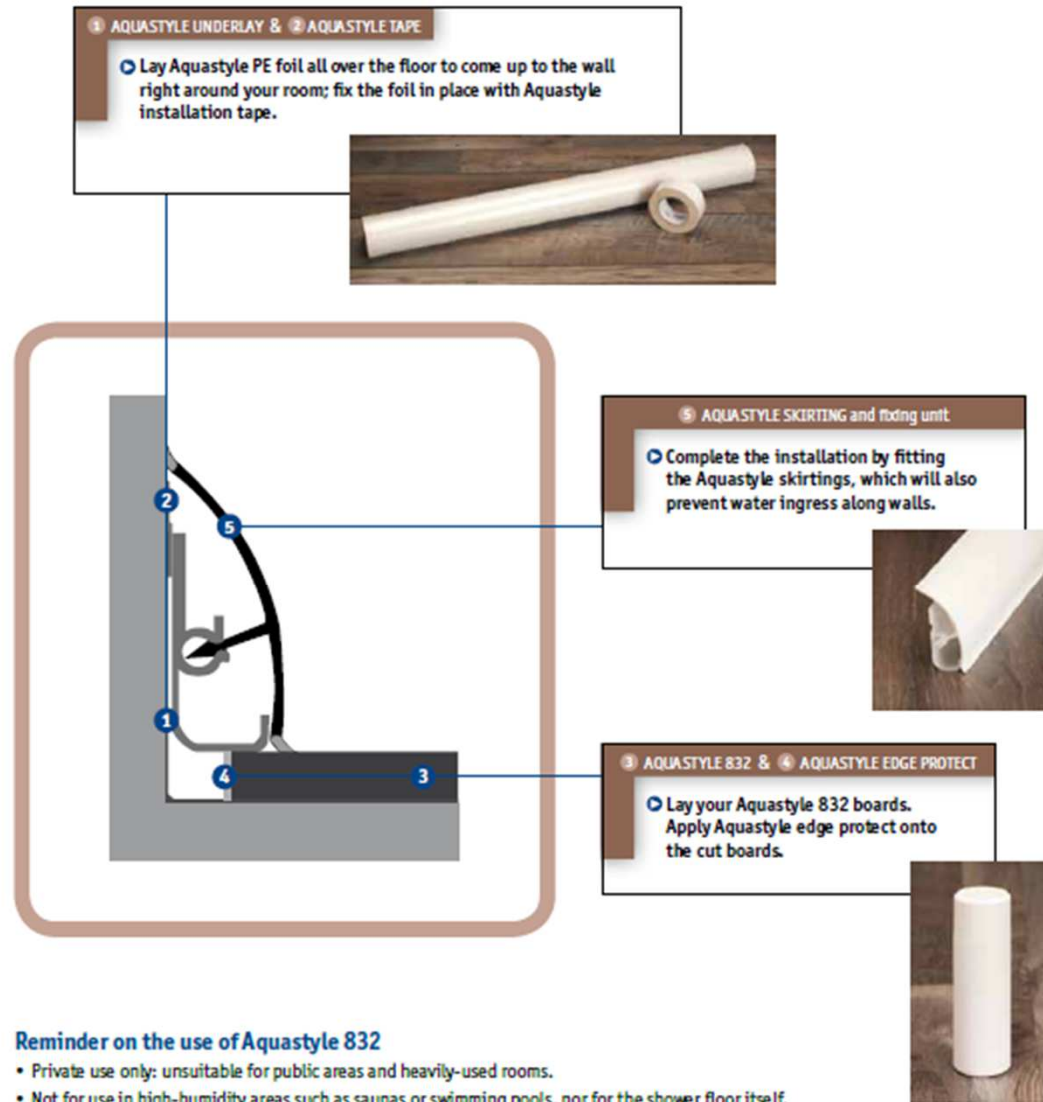

- Economical and effective general purpose cleaner.
  - Gentle on the skin
  - Biodegradable
  - Free from organic solvents, coloring agents and phosphates

## □ Repair kit

- A complete kit to repair the unlikely damages of the floor

# Special accessories: unique solution for Aquastyle

## Reminder on the use of Aquastyle 832

- Private use only: unsuitable for public areas and heavily-used rooms.
- Not for use in high-humidity areas such as saunas or swimming pools, nor for the shower floor itself.
- Stagnation of water/liquids on the floor surface should be less than one hour.
- Prior proper installation is essential: sealing perimeters, appropriate underlay, waterproof profiles.
